

Diversity Dialogue

with Gabrielle Lapping-Carr, MD and
Wendy Darlington, MD, MAPP

Thursday,
December 15
12:00-1:00
Room J-103

Sickle Cell Disease: A Multidisciplinary Approach at the UCMC

Sickle Cell Disease is an inherited disorder that causes a broad spectrum of organ damage starting in infancy. Join us for a dialogue about the University of Chicago's multidisciplinary approach to improving the care of our patients.

Please RSVP at: bsddiversity.uchicago.edu/content/dd-dec-2016

Feel free to bring your lunch. Light refreshments provided.
