Diversity Dialogue

“Multiple Minority Identities: Challenges and Opportunities”

- Join the Office of Diversity and Inclusion for its brown bag lunchtime discussion, "Multiple Minority Identities: Challenges and Opportunities", on Thursday, April 24th, 2014 from 12-1pm. This month's discussion will be facilitated by Scott Cook, PhD.
- What are the unique challenges and opportunities encountered by our patients and fellow staff members who hold both a minority sexual or gender identity and a minority racial or ethnic identity? What do these challenges and opportunities look like for staff and patients as they navigate the workplace and health care settings? How do they typically cope with the challenges and how do they transform their challenging experiences into opportunities that build strength and resilience? Finally, what can each of us do to create work and patient care environments that minimize the challenges faced by people who hold multiple minority identities while also recognizing and honoring their unique strengths and perspectives?
